# Career in Artificial Intelligence

## Why Build a Career in Artificial Intelligence?

### Demand is So High For Artificial Intelligence

The outlook is good with the industry expected to grow more than the national average. Tens of thousands of jobs are expected to be added to the industry each year for the rest of the decade.

### 8+ Job Roles & Career Paths

Opportunity to work in almost every industry and across various fields like AI Engineer/Developer, Machine Learning Engineer, Data Scientist, AI Research Scientist, Natural Language Processing (NLP) Engineer, and many more.

### 7.0 Lakh Per Annum Average Salary

AI Engineer salary in India ranges between ₹ 3.0 Lakhs to ₹ 20.0 Lakhs with an average annual salary of ₹ 7.0 Lakhs. Salary estimates are based on 509 latest salaries received from AI Engineers.

### Guaranteed Growth in Job and Career

By acquiring the right skills, you can be on your way to building a fast-growing career in the field of Artificial Intelligence.

### Work Remotely for International Companies

Numerous brands and organizations around the world hire Artificial Intelligence professionals for remote work and offer a lucrative package.

### Opportunities in Both Public & Private Sectors

As an Artificial Intelligence professional, you have the opportunities to work in both public and private sector organizations of all sizes.

# Who Can Learn Artificial Intelligence?

Learning Artificial Intelligence becomes easier for you with proper guidance & advanced projects by ANSH InfoTech's artificial intelligence expert trainers. You can acquire this skill if you are:

## College Student

Start shaping your career right from college time by learning in demand Artificial Intelligence skills.

## College Dropout

Not sure which career is right for you? Not finding any jobs? Learn Artificial Intelligence with us to instantly land your first job.

## Looking to Switch Career

Not satisfied with your current job profile? Switch to Artificial Intelligence, one of the most demanded and highly-paid skills.

# A Brief About Ansh InfoTech

India's Most Trusted IT Training Institute

Ansh InfoTech is a leading IT training and software development company based in Ludhiana, Punjab, India. Since 2014, Ansh InfoTech has trained over 50k students and provided internship opportunities to over 4,500 candidates.

Additionally, Ansh InfoTech is one of the fastest growing tech-enabled company in Ludhiana.

With its expert team of trainers in various technical fields like Ethical Hacking, Web Development, Data Science, Digital Marketing, and many more. Company has helped thousands of students from India and other Asian countries acquire new skills and explore high-paying career opportunities.

Our learners work for top brands, companies and unicorns across India and around the world.

# **Why Learn Artificial Intelligence With ANSH InfoTech Only?**

## Trusted by **50k** Learners

We are the #1 preference of more than 50k learners in India and Asian countries. Our training quality and support system intrigue learners.

## Completely Practical-Oriented

Artificial Intelligence is a skill that requires immense practice. For that, we offer 100% practical training with regular assignments, assessments, and projects.

## Online and Offline Batches

Artificial Intelligence is a skill that requires immense practice. For that, we offer 100% practical training with regular assignments, assessments, and projects.

## Comprehensive Curriculum

Artificial Intelligence course by ANSH InfoTech includes India's most comprehensive curriculum, covering all breadths and depths in detail & practically.

## Job Assistance

On course completion, we assist you with job interviews and resume building. Next, your interviews are arranged with top companies to help you land the job easily.

## Expert Trainers

You will learn Artificial Intelligence from expert trainers having 10+ years of experience in the field. We ensure high-quality training always.

## Industry-Recognized Certification

The certificate you receive on course completion is valid nationally and internationally. You can easily share it, add it to your resume, and explore great opportunities.

## Hands-On Live Projects

You will apply all the practices on real websites (no dummies), do everything on your own, and make use of premium tools.

# Course Curriculum (1 Month)

# Master all Concepts of Artificial Intelligence!

## Module 01

### INTRODUCTION TO AI AND ANN

- Overview of AI and its applications
- Introduction to artificial neural networks
- Perceptron and activation functions
- Backpropagation algorithm
- Building a basic feedforward neural network
- Model training and evaluation

## Module 02

### CNN AND COMPUTER VISION WITH OPENCV

- Introduction to Convolutional Neural Networks (CNN)
- Convolutional layers, pooling layers, and fully connected layers
- Image classification with CNN
- Transfer learning and pre-trained models
- Introduction to computer vision using OpenCV
- Image preprocessing and feature extraction
- Object detection and image segmentation

## Module 03

### RNN AND NATURAL LANGUAGE PROCESSING (NLP)

- Introduction to Recurrent Neural Networks (RNN)
- Basic RNN, LSTM, and GRU architectures  
Sequence modeling and time series analysis
- Text preprocessing and word embeddings
- Language modeling and sentiment analysis
- Named Entity Recognition (NER) and part-of-speech tagging
- Sequence-to-sequence models and machine translation

## Module 04

### GAN

- Introduction to Generative Adversarial Networks (GAN)
- GAN architecture and training process
- Deep convolutional GANs (DCGAN)
- Conditional GAN and semi-supervised learning
- StyleGAN and image synthesis
- Variational Autoencoders (VAEs) and latent space interpolation

# Mode of LEARNING

**CLASSROOM**  
+

## ONLINE

**AIT has a CLASSROOM + ONLINE training pattern where students have the flexibility to attend the sessions IN CLASSROOM as well as ONLINE. AIT Trainers conduct the training sessions live from AIT Classrooms. All AIT sessions are live streamed for students from that batch, thus enabling students to attend the same sessions ONLINE and interact with the Trainer as well as other students.**

# Skill-Sets Covered

MACHINE LEARNING  
BASICS

NLP BASICS

COMPUTER VISION  
BASICS

NUMPY, PANDAS

INTRODUCTION TO  
NEURAL NETWORKS

BASIC PYTHON

# Job/Placement Assistance

Once you complete the Artificial Intelligence Course, you will get advanced placement assistance to help you prepare for the job. We will evaluate your skills, prepare you for the interview, and arrange interviews with top companies.

- **Interview Preparation and Live Practice**
- **Appealing Resume Building**
- **Conducting Interviews at Various Companies**
- **Internship Opportunities**
- **Getting High-Paying Freelance Projects**

Students We've Trained Work at Renowned Companies,  
Startups, and Brands

# Our Students Speak for Us!

**Siddhart  
Bhasil**

"I did not have knowledge about this field before enrolling in this course. However, everything was taught from scratch. Initially, I thought I can't do this. But the way of teaching and content is really simple and great!"

**Stuti  
Kumari**

"This is simply the best Machine Learning & I course. Teachers did a great job and put his heart into teaching all concepts of the course. Whenever I had doubts, they were eager to answer and helped me learn easily. Highly recommended."

**Urvashi  
Mishra**

"I'm glad I made the decision to take this course in ANSH InfoTech. Can't appreciate it enough. I missed a few live classes but they provided me the recording and also cleared my doubts in the next classes."

**Sandeep  
Kumar**

"The trainer here makes the content easy to learn and answers all the questions during the classes. I learned a lot of important concepts which looked so complex to me when I started. I recommend this course to anyone who wants to learn any course here."

**Ravi  
Prakash**

"Thank you ANSH InfoTech. I really learned a lot during the entire Machine Learning & AI training. The practicals, exercises, and projects were really good. I applied for a few jobs in the Machine Learning field and finally got placed with a good package."

**Ajay  
Gupta**

"I would like to thank the trainer and ANSH InfoTech for the enhanced training provided during the entire course. The trainer has brilliant knowledge. The course content covers beginner to pro. Also, teachers here are good motivators and friendly."

# CERTIFICATE OF ANSH INFOTECH AFFILIATION WITH SKILL INDIA

## Certificate of Affiliation

**SKILL India**  
कौशल भारत - कुशल भारत

This is to certify that

ANSH INFOTECH (16217)

is an **Authorised Training Center of**  
National Skill Qualification Framework (NSQF)

Scan Barcode with your Mobile Phone  
or App for verification of the Certificate

Date of Issue : 10 September, 2023  
Valid Upto: 09 September, 2025

Signing Authority  
An Approved Training Partner of  
National Skill Qualification Framework

# STUDENT CERTIFICATE

## CERTIFICATE

This is to certify that

**ARADHYA MALHOTRA**

Son/ Daughter of **JATINDER KUMAR** Candidate ID : CAN\_26645166

has successfully completed training in

**"DIPLOMA IN DATA ANALYTICS AND MACHINE LEARNING"** Course

conforming to National Skill Qualification Framework-Level 5

with Grade A

from **ANSH INFOTECH**

at **LUDHIANA, PUNJAB**

Date of Issuance : 2023-10-20

Scan Barcode with your Mobile Phone  
or App for verification of the Certificate

Signing Authority

An Approved Training Partner of  
National Skill Qualification Framework
